

International WOMEN'S MONTH

Words of wisdom from women leaders at CTFCU

"It's all about finding out what's important to you... Financial health means **less stress, less worry, and less anxiety**, for me as a woman, those things are very important!"

-Nicol M., Chief Experience Officer

"What we give does not always come back to us in the form of tangible reward...The reward often comes only in the form of personal satisfaction, **knowing that you have done everything you can to help, coach, mentor, provide solutions, or just listen.**"

-Marla R., VP of Lending

"Maintain healthy relationships with former bosses and the people who have invested their time in [your] professional growth. **Always believe in yourself, fight for what you believe in and walk in your confidence.**"

-Andrea M., Compliance/BSA Manager

"Financial independence fluctuates per season of life, but for women, **being able to stand on our own and accomplish our own personal financial goals encourages us to know we can do it and we will do it.**"

-Megan S., VP of Learning, Organizational Development and Operations
